Magnetic Vee Blocks

CODE: 59-900-000

Description

- * Vee Block will hold itself to work on any flat ferrous surface.
- * Holds varied shaped workpieces so that light machining operations such as grinding, boring & tapping can be carried out saving time.
- * Faces and Vee are accurately ground.
- * The permanent and powerful magnet provides magnetic force to the upper and lower vee channel surfaces & one end simultaneously by an on/off lever.

Linear Code	W	H	L	L1	Max Capacity (D1)	Max Capacity (D2)	Paralism Of Vee To Base	Squareness Accuracy
59-900-000	69.5	96	102	125	60mm	12mm	0.02mm	0.02mm
